

COMP3173

Compiler Construction

Introduction

Teachers

- Philippe Meunier
 - Office: T3-602-R14
 - Email: meunier@uic.edu.hk
- Helen Wu (section 1001)
 - Office: T3-502-R26-H2
 - Email: helenjqwu@uic.edu.hk
- Cici Chen (section 1002)
 - Office: T3-602-R25-H8
 - Email: chongchen@uic.edu.hk

Course Website

- iSpace:
 - Syllabus
 - Lecture notes
 - Homework assignments
 - Other info...
 -
- Any question: ask on the iSpace Q & A Forum.
 - Except for private matters (grades, etc.)

Hours

- Lectures:
 - See my time table on iSpace.
- Consulting:
 - See my time table on iSpace for the official hours.
 - Can visit me in my office any other time too.
- TA:
 - Tutorial: ?

Rules

- Attendance is mandatory.
- Evaluation:
 - Programming assignments at home: 30%
 - Quiz: 20%
 - Final examination: 50%
 - Late = 0
- Plagiarism (cheating) = F

Textbooks

- None
- In practice: “Compilers: Principles, Techniques, and Tools” (the “Dragon Book”) by Aho, Lam, Sethi, and Ullman, 2ed.
- Also: “Basics Of Compiler Design” by Torben Mogensen.
 - Available for free on the Internet / iSpace!
- More textbooks in the Learning Resource Center.
- Not required to buy a textbook, but you must read the lecture notes!
